Important information

The lot descriptions and the accompanying photographs are currently subject to careful review and, where necessary, amendment or supplementation. Consequently, information may be subject to change, and images may be replaced or removed. As of the auction closing date, all descriptions shall be deemed final, complete, and binding.

E-scooters

The vehicles are delivered with a deed of allocation issued by the trustee in bankruptcy. On the basis of this deed, the purchaser may apply to the RDW for registration of the license plate in the purchaser's name. The costs associated with such registration shall be borne by the purchaser. We have made every effort to describe the scooters as accurately as possible; however, no rights may be derived from the description.

No Right of Withdrawal

No right of withdrawal applies to this bankruptcy auction. The sale takes place by way of a public auction, as a result of which the statutory right of withdrawal is excluded pursuant to Section 6:230p, subsection c of the Dutch Civil Code. Upon award, the purchase is final and binding. Cancellation or return is not possible. The goods are sold in the condition in which they are offered. By participating in the auction, the buyer expressly agrees to these terms.

"Go" marking

At the request of the sellers, Dome Auctions has covered the "GO" marking on the lots offered for sale with an opaque sticker. Buyers are obliged to keep these stickers intact or to remove the "GO" marking.

Notary

This auction is conducted under the supervision of Krans Notarissen, Haarlem.

Collection Days

According to the pickup schedule: after the auction closes, you will receive an e-mail with the specific pickup date.

Information about the Collection Date

The buyer must bring their payment receipt or invoice to the collection location. The buyer is responsible for dismantling, loading, and transporting the purchased items. Dome Auctions accepts no liability unless otherwise stated. Collection is possible according to the above schedule. In case of later collection, the customer is liable for the costs incurred (rental or other additional costs), unless other arrangements have been made with the seller. There are no loading aids such as forklifts or cranes available. When visiting the collection site, all applicable safety regulations must be strictly observed. Instructions given by on-site personnel must be followed at all times.

General Terms

In addition to these Specific Auction Conditions, the General Terms and Conditions apply. In case of contradictions between the General Terms and Conditions and these Specific Auction Terms and Conditions, the Specific Auction Conditions prevail. By placing a bid, the buyer declares that, in addition to the terms and conditions of Dome Auctions, he expressly and unconditionally agrees to the terms and conditions of the party entrusted with the dismantling.

Payment Details

The invoice will be available in the "Profile" section of the buyer on our website and will be sent by email immediately after the auction closes. Full payment must be made within 48 hours from the time the Purchase Agreement is available. The payment details for the transfer are listed on the invoice.

Information about VAT

The statutory VAT is 21%. All foreign buyers from outside the EU must deposit the VAT amount as a security deposit.

Subject to allocation

Certain lots/combinations of lots may be offered subject to allocation. This is stated in the bidding information for the relevant lot. When lots are offered subject to allocation, the seller reserves the right to accept or reject the highest bid. Within five (5) business days, or earlier if possible, after the close of the auction (excluding Saturdays, Sundays, and Dutch public holidays), the bidder will receive an email on behalf of the seller regarding the award.

Extension

If a bid is placed in the last 2 minutes before the lot closes, the closing time is extended by 2 minutes. With each subsequent bid, the closing time is extended again by 2 minutes until no new bids are made.

Lot without Bid

For all lots that have not been bid on, the closing time will be adjusted to half an hour after the last closing time of lots within this auction.

Combinations

All lots in a combination are first sold individually. After the last lot is sold, the total of the bids is increased by 5%. This forms the opening bid for the combination. If the combination is sold, it replaces the individual bids. If the combination is not sold, the individual bids remain valid.

Quantity, Capacity, Dimensions, and Weight of Lots

If a lot description contains details about quantities, capacities, dimensions, or weight of the lots, these details are only indicative, and no rights can be derived from them. Bidders must convince themselves of the accuracy of these details. Although the information contained herein is obtained from sources deemed reliable, the seller and Dome Auctions make no express or implied warranty regarding the accuracy of the information.

Minimum Price

Certain lots/combinations of lots may be offered subject to a minimum price.

Privacy Statement

Dome Auctions collects and processes personal data of Users, Sellers, and Buyers in accordance with the Privacy Statement on its website, the General Data Protection Regulation (GDPR), and other applicable laws and regulations. No one other than Dome Auctions may use this personal data for their own commercial purposes.
