
Specific Auction Terms and Conditions

Auction name:	Sinoboom factory stock liquidation
Address:	Ul. Feliksa Tychowskiego 5a, 61-248 Poznan, Poland
Closing day:	29-09-2026
Viewing day:	By appointment
Buyer's premium:	10%
VAT:	23%

Collection days: All lots must be collected following the collection schedule. This will go on in week 41 and 42.

Collection information: The buyer must bring their invoice with QR code to the collection location. The buyer is solely responsible for dismantling, loading, and transporting the purchased items. Dome Auctions accepts no liability unless stated otherwise. Collection is only possible according to the stated schedule. In case of late collection, the buyer is liable for any incurred costs (rent, insurance, or other additional costs), unless other arrangements have been made with the seller. In principle, no loading equipment such as forklifts or cranes is available. In exceptional cases, loading equipment may be made available upon request and at an additional cost.

Payment details: The invoice will be available in the buyer's "Profile" section on our website and will be sent by email immediately after the auction closes. Full payment must be completed within 48 hours from the moment the Purchase Agreement is available. The payment details for the bank transfer are stated on the purchase agreement.

Buyers may only take possession of their lots once the full outstanding amount has been received by Dome Auctions.

VAT information: The statutory VAT rate is 21%. All non-EU buyers must pay the VAT amount as a deposit. Buyers with a valid VAT number according to VIES-on-web, who are exempt from VAT due to intra-community reasons for example, must submit a valid export declaration themselves; otherwise, VAT may still be charged.

General Terms of Use: : In addition to these specific auction conditions, the General Terms of Use apply. In the event of discrepancies between the General Terms of Use and these specific auction conditions, these specific auction conditions shall prevail

Combinations: All lots within a combination are first sold individually. After the last lot is sold, the total of the bids is increased by 5%. This forms the opening bid for the combination. If the combination is sold, it replaces the individual bids. If the combination is not sold, the individual bids remain valid.

Viewing day: There will be a scheduled viewing day on 03-09-2026 and 14-09-2026 for this auction.

Extension: If a bid is placed in the last 2 minutes before the lot closes, the closing time will be extended by 2 minutes. With each subsequent bid, the closing time will again be extended by 2 minutes until no further bids are placed.

Lot without bids: For all lots on which no bids have been placed, the closing time will be adjusted to half an hour after the last closing time of lots within this auction.

Quantity, capacity, dimensions and weight of lots: If a lot description contains details about quantities, capacities, dimensions, or weight, these details are indicative only and no rights can be derived from them. Bidders must satisfy themselves as to the accuracy of this information. Although the information contained herein has been obtained from sources considered reliable, neither the seller nor Dome Auctions provides any warranty, express or implied, regarding the accuracy of the information.

EXW Works Poznan: The agreed Incoterm is EXW Poznań, Poland. The quoted price is the machine price at the Poznań factory/location. The buyer is responsible for arranging and paying for transport, export, import, customs clearance, import duties, taxes, permits, local inspections, conformity checks, registration and all other obligations in the destination country. The seller will provide unpacked loading onto the buyer's transport free of charge. Risk passes according to the applicable EXW conditions and auction terms.

Privacy Policy: Dome Auctions collects and processes personal data of Users, Sellers, and Buyers in accordance with the Privacy Policy on its website, the General Data Protection Regulation (GDPR), and other applicable laws and regulations. No one other than Dome Auctions may use this personal data for their own commercial purposes.

Sales restrictions and conformity status: This auction contains machines with different conformity statuses and sales restrictions. The conformity status and permitted sales destination are stated per lot or per machine group, based on the information provided by the seller and/or manufacturer.

CE machines: These CE machines are not released by the seller/manufacturer for sale into the USA or EU countries under this auction programme. They may be sold to eligible non-EU markets, subject to local import, tax, conformity, registration and use requirements.

The reason for the EU sales restriction is commercial and import-related: sale or import into the EU may trigger import duties, VAT, importer-of-record obligations and further administrative responsibilities that the seller/manufacturee does not allow under this auction programme.

ANSI/ non-CE machines: The following machine groups are ANSI / non-CE machines according to information provided by the seller/manufacturee:

These machines may not be sold into the USA, the EU, the UK, or any market where CE certification is mandatory. These machines may only be sold to countries where the stated ANSI / non-CE configuration is accepted and where local laws allow import, sale, rental, use and commissioning.

Warranty and after-sales support: Sinoboom Poland will provide a **one-year parts-only warranty** for the machines sold under this auction programme, unless otherwise stated in the specific lot description.

The warranty is limited to parts only. Labour, travel, transport, downtime, local inspection, certification, installation, registration, import costs and consequential damages are not included, unless expressly agreed otherwise in writing.
